

We would like to introduce "Yourbino", a NON-PROFIT association that aims to create a network among students in Urbino and beyond, to facilitate and speed up exchange of goods and services. We want to meet the needs of young people who starts living far from home, maybe for the first time. Our goal is a rebirth of the Urbino community (to win on Covid_SARS19) through social, recreational, cultural, ecological activities (also proposed by students) financed by the proceeds of the two core businesses: "Urbino CHAT CAR" and "NO WASTE Urbino".
