

Technical Questionnaire

General Technical Questionnaire

General TQ (to be used for species not covered by a specified TQ)

CPVO/TQ-G01

Mandatory fields or sections are marked with an asterisk ()*

01 . Botanical taxon: name of the genus, species or sub-species to which the variety belongs:Fragaria x ananassa Duchesne ex Rozier

02 . Application code:A201902925

03 . Breeder's reference:AN14,21,61

04 . Information on the breeding scheme and propagation of the variety ***04 . 01 . Breeding scheme ***

Confidential information

04 . 02 . Method of propagation of the variety *

- ☐ cuttings
- ☐ in vitro propagation
- ☐ seed
- ☒ other

Please specify

RUNNERS

04 . 03 . In the case of seed propagated varieties, method of production:**05 . Characteristics of the variety to be indicated *****05 . 01 . Please indicate the characteristics of the variety, state of expression and example varieties if any ***

Characteristics	State of expression	example varieties if any
Precocity	very early	Florida Fortuna
Yield	high	Sabrina
Quality	very high	Candonga
Firmness	high	Sabrina
Colour	red brilliant	Candonga
Fruit shape	conical long	Florida Fortuna
Fruit size	medium high	Florida Fortuna
Shel life	high	Candonga
Plant vigour	medium high	Candonga
Plant rusticity	very high	Camarosa
Plant flowering habitus	short day - low chilling	Florida Fortuna

06 . Similar varieties and differences from these varieties

Please note that information on similar varieties may help to identify comparable varieties and can avoid an additional period of testing.

06 . 01 . Are there any similar varieties known? *

- ☐ Yes
- ☒ No

06 . 02 . Similar varieties and differences from these varieties:

07 . Additional information which may help to distinguish the variety *

07 . 01 . Resistance to pests and diseases *

- ☒ Yes, specify
- ☐ No

Field trials evidenced higher tolerance to oidium and nematode

07 . 02 . In addition to the information provided in sections 05 and 06, are there any additional characteristics which may help to distinguish the variety? *

- ☐ Yes, specify
- ☒ No

07 . 03 . Are there any special conditions for growing the variety or conducting the examination? *

- ☐ Yes, specify
- ☒ No

07 . 04 . Other information *

- ☐ Yes, specify
- ☒ No

08 . GMO-information *

08 . 01 . GMO-information required *

The variety represents a Genetically Modified Organism within the meaning of Article 2(2) of Council Directive EC/2001/18 of 12/03/2001.

- ☐ Yes
- ☒ No

If yes, please attach in point 08.02 a copy of the written attestation of the responsible authorities stating that a technical examination of the variety under Articles 55 and 56 of the Basic Regulation does not pose risks to the environment according to the norms of the above-mentioned Directive.

08 . 02 . In case of GMO, joint attestation of the responsible authorities stating that a technical examination of the variety under Articles 55 and 56 of the Basic Regulation does not pose risks to the environment according to the norms of the above-mentioned Directive.

09 . Information on plant material to be examined

The expression of a characteristic or several characteristics of a variety may be affected by factors, such as pests and disease, chemical treatment (e.g. growth retardants or pesticides), effects of tissue culture, different rootstocks, scions taken from different growth phases of a tree, etc. Consequently the plant material to be examined should not have undergone any treatment which would affect the expression of the characteristics of the variety, unless the competent authorities allow or request such treatment. If the plant material has undergone such treatment, full details of the treatment must be given. In this respect, please indicate below, to the best of your knowledge, if the plant material to be examined has been subjected to:

09 . 01 . Micro-organisms (e.g. virus, bacteria, phytoplasma) *

☐ Yes, specify

☒ No

09 . 02 . Chemical treatment (e.g. growth retardant or pesticide) *

☐ Yes, specify

☒ No

09 . 03 . Tissue culture *

☐ Yes, specify

☒ No

09 . 04 . Other factors *

☐ Yes, specify

☒ No

10 . Possible place of the technical examination

In case the CPVO needs to arrange a technical examination for this candidate variety, there might be more than one examination office entrusted by the CPVO suitable to grow your variety. In this case, the Office will decide on the place of the technical examination but you might wish to express here a preference in respect of an examination office. The available entrusted examination offices for that species can be found in the S3 Gazette under: <http://cpvo.europa.eu/en/applications-and-examinations/technical-examinations/entrusted-examination-offices>

You will also find in the S2 Gazette further information about submission of plant material and deadlines for numerous major species: <http://cpvo.europa.eu/en/applications-and-examinations/technical-examinations/submission-of-plant-material-s2-publication>

10 . 01 . Country where the examination could take place

Country

Spain / Portugal
