

MU03 – CdLMCU in Medicine and Surgery 2023-2024

Monographic Course

1 ° year (choose 1 course among those offered by Medicine and Surgery and 1 course among those offered by Biomedical Engineering)

W002195 - Introduction to Biomedical Engineering – ING-INF/06 (1 CFU)
Prof.ssa Laura Burattini

W002206 - Foundations of the scientific method - M-FIL/02 – (1 CFU)
Dott. Alex Gebharter

W002207 - Biotechnologies applied to pharmacology - BIO/14 – (1 CFU)
Prof. Antonio Vinciguerra

2 ° year (choose 1 course among those offered by Medicine and Surgery and 1 course among those offered by Biomedical Engineering)

W002358 - Properties of Mesenchymal Stem Cells (MSCs) and main techniques for their isolation and characterization – BIO/17 (1 CFU)
Prof.ssa Monia Orciani

W002359 - Recombinant DNA Technology – BIO/10 (1 CFU)
Prof. Davide Sartini

W002360 - Fundamentals of diagnostic imaging technology - ING-INF/06 (1 CFU)
Dott.ssa Tomassini Selene
