Social skills and competences Strong team working ability, especially in international contexts developed through project works composed of people from different parts of the world and with different cultural backgrounds. Very good relational and communication skills developed during my academic career, work and sport experiences. Public speaking skills developed by the participation of conferences and seminars during my university courses and doctorate. High adaptability to new experiences, environments and different working methods, through personal and professional experiences.

Organisational skills and competences Strong autonomy in organizing my work, defining priorities and assuming responsibilities for running several activities, observing deadlines and fixed aims. Very good organizational flexibility deriving from my professional and sport experiences in Italy and abroad.
