

RULES OF CONDUCT IN CASE OF EMERGENCY

Please be informed that the Emergency Team is trained to act in case of emergency.
Cooperate and follow the instructions.

Everyone must respect the following preventive measures:

- It is forbidden to smoke, to use personal electrical or gas equipment, to use flames and flammable materials, unless specifically authorized.
- It is forbidden to go alone into the agricultural and natural areas, unless specifically authorized.
- Make sure that your phone works, avoiding to stop in areas with no phone coverage or inform the security manager in advance about your location.

The environment is normally populated by urticant plants, insects and wild animals.

FIRST AID

IF YOU NOTICE A HEALTH DANGER

- Report the problem to the Emergency Team;
- In very urgent cases, call the Emergency Medical Services giving as many details as possible about your position;
- Do not touch the injured person, wait for the first aid personnel. Do not crowd around the patient;
- Reassure the injured person and keep calm, waiting for the arrival of the first aid personnel.

FIRE

IF YOU NOTICE THE START OF A FIRE

- Report the problem to the Emergency Team;
- In case of a wildfire, also report it to:
the Fire Department (Vigili del Fuoco)
the Forest Service (Corpo Forestale)
- Come quietly away from the fire. Help injured and disabled people and do not panic!

OTHER EVENTS

TOXIC CLOUD, accidental spreading of dangerous volatile substances

- If it is not possible to leave the place, look for a safe place and insulate the openings as much as possible;
- Lie down on the ground, breathing through the special masks or by putting a wet cloth or a handkerchief on your nose and mouth.

EARTHQUAKE

- During the earthquake avoid to run out in a disorganized way. Protect yourself lying under tables, beams and bearing walls;
- Outside, go towards large spaces, far from tall trees and overhead electrical lines;
- Never use fires, electrical gas systems, even after the earthquake.

FLOOD

- Do not go outside, do not use cars if the streets are flooded;
- Do not find shelter under trees. Go into the building.
