I am so happy to study to the University of the Aegean. Education level is high, the professors are tolerating and helpful. I was impressed by Greek hospitality and I appreciate that. Everything was just perfect and I had an awesome experience.

Begench, Turkey

I came in Mytilini expecting to meet people from all over Europe, to improve my English and to understand a new culture. What I found is more than that! I met real friends, a second family for me. I also met greek students who helped me adapt. I really enjoyed my time here in Mytilini so thanks to everybody!

*Lots of kisses from Italy,
Gentiana*

When I arrived in Mytilini, I didn't really know what to expect. The people I met were the warmest people I've ever met! The way of life here is relaxed and I loved it so much! I'll be bringing my "Greekness" back to Ireland and hopefully the sun! I will never forget the people here or the place as it was a great 5 months! Tomorrow I'll leave Greece, but Greece will never leave me.

Lots of Love & Luck from Ireland, Michael

*Greek people are extremely warm, friendly and hospital.
I made fantastic friendships that will live forever.
Erasmus in Mytilene was one of the most important
experiences in my life. Ευχαριστώ πολύ (Thanks a lot) to
everybody who helped us here in the beautiful island.*

Ahmet, Turkey

*Γειά (Hello)! This year in Mytilene was one of the most exciting
years in my life. I enjoyed studying, as teachers gave us chance
to follow our interests in our science-field. It was surprising
and pleasant that we became good friends with many students
(and not only) very fast and created long lasting friendships.
Geographical sights of the island are just breathtaking. So
come here, be open, be active and ready for adventures..*

Mikalai, Belarus
