KEY ACTION 131: INDIVIDUAL LEARNING MOBILITY

STUDY MOBILITY

PROVISIONS FOR STUDENTS WITH FEWER OPPORTUNITIES

Students with fewer opportunities are students in an economically disadvantaged situation (ISEE less than € 26,306.00, unless otherwise established by MUR) and who fall into at least one of the following categories:

- students with diagnosed physical, mental and health problems,
- students from migrant backgrounds and refugees, national or ethnic minorities, people with linguistic adaptation and cultural inclusion difficulties, etc.
- students with underage children,
- students who are orphans of at least one parent,
- students who are children of victims of terrorism and organised crime.

The general criterion for eligibility for the supplementary financial contribution for fewer opportunities is that the condition must be attestable by means of a certificate issued by the competent authority (or, where this is not possible, by means of self-certification).

This condition must in any case be verifiable by UNIVPM, which will determine eligibility for funding. The International Relations Office will indicate how and when to apply for the grant.
