

INSTRUCTIONS TO FILL IN YOUR LEARNING AGREEMENT ON ESSE3WEB

UPDATED 08/05/2024

DEADLINES FOR FILLING IN YOUR FIRST L.A.:

- from **15.04.2024** to **31.05.2024** for **students leaving for 1st sem/A.A.**
- from **10.07.2024** to **15.01.2025** for **students leaving for 2nd sem.**

DEADLINES FOR EDITING YOUR L.A.:

- **30.11.2024** for those attending 1st sem/A.A. **for edits regarding 1st sem.**
- **31.03.2025** for those attending 2nd sem/A.A. **for edits regarding 2nd sem.**

Starting from March 2022 UNIVPM is part of the network EWP ([Erasmus Without Paper](#)), which allows virtually exchanging data between partner universities, avoiding the use of paper documents. The change will happen gradually, but some functions are already active and included into Esse3 web, such as receiving course catalogues from host universities and virtual exchange of didactic offers. This is an informatic experiment, which will need to be tested for months and adjusted consequently. Therefore, these instructions will be continuously updated.

3. GENERAL INSTRUCTIONS ON HOW TO CORRECTLY FILL IN YOUR LEARNING AGREEMENT

When the host university is in EWP, it is signalled by a yellow bar on the top of the page.

This means that the exchanging of Learning Agreement and all its following changes will happen online: no document will have to be sent through mail to the host university. The student will be able to download a copy of the Learning Agreement sent through EWP but that will only be considered a draft and will not have the Erasmus Faculty Coordinator signature.

If the host university is not on EWP (unlike the example up here, you won't find anything on the top of the page, in this case), the Learning Agreement exchange and all the following changes will take place by e-mail: the student will have to download the European format of the Learning Agreement approved by the Faculty Erasmus Coordinator and send it to the host university. The signed L.A. must be uploaded on Esse3 in the attachment section of the Learning Agreement.

On the page "Fill in the Learning Agreement" in the Table A on the left you need to put the "activities to be completed abroad" and in the Table B on the right you must find the UNIVPM activities you want to validate at the end of your mobility.

As a norm, **Table A must have a number of credits higher or equal compared to the one in Table B**, but it's better to keep in mind any instruction given by the Faculty Erasmus Coordinators for each Faculty/Department.

Students from the Faculty of Economics can read [here](#) further information about this.

Students from the Faculty of Medicine must keep the Vademecum for mobility in mind.

In Table B you may put:

- **All the courses already in your libretto:** max 30 CFU per semester, to max 60 CFU for a year.
If needed, **you can put in courses that are not in your libretto**, but are offered by your Degree Course or the university's didactic offer: in this case, the student must change their Study Plan so that it presents all the courses chosen for the l.a.
Only activities that are both in the L.A. and the Libretto can be validated.
- **Free choice courses (credits of choice)**, if the Study Plan allows it.
- **Final work:** preparing your final work abroad, for which the number of CFU validated will be the same as the Italian ones minus 1.
In this case, it is **mandatory** to fill in the form "request of thesis" that you can find in the forms for your mobility a.y. This request must be uploaded on Esse3, filled in and signed, in PDF format, in the attachment section of the Learning Agreement.
- **Traineeship (internship)**
It is mandatory to fill in the form "request of traineeship" that you can find in the forms for your mobility a.y. This request must be uploaded on Esse3, filled in and signed, in PDF format, in the attachment section of the Learning Agreement.

After completing all the necessary associations, the student can add **notes** useful for the evaluation of their L.A. by the Coordinator.

The screenshot shows a section titled "Note" with a header bar. Below the header is a text area containing the instruction: "Note dello studente - possono essere inserite dopo aver cliccato 'presenta il learning agreement'". At the bottom of the section, there is a row of buttons: "Associa" (highlighted in blue), "annulla", "Esci", "Presenta il Learning Agreement", and "Stampa Riepilogo".

Once the student submit the Learning Agreement, the state will go **from “draft” (bozza) to “presented”** (presentato), only in this state it will be visible to the Faculty Erasmus Coordinator that will evaluate it.

The student can delete the l.a. if its state is “draft”, **but never** when the status is “presented”, “approved” (approvato) or “rejected” (rifiutato).

The screenshot shows a dialog box titled "Cancellazione Learning Agreement". It contains an information icon and the following text: "Attenzione Verrà effettuata la cancellazione del Learning Agreement precedentemente visualizzato. Per procedere con la cancellazione premi il pulsante 'Cancella Learning Agreement'. Per annullare l'operazione premi il pulsante 'Esci'." Below the text are two buttons: "Cancella Learning Agreement" (highlighted in blue) and "Esci".

The screenshot shows the "Note dello studente:" section with a large grey text area. Below the text area is a row of buttons: "Associa" (highlighted in blue), "annulla", "Esci", "Presenta il Learning Agreement", "Stampa Riepilogo", "Elimina Bozza", and "Gestisci Ref. Straniero". A green arrow points from the text area down to the "Elimina Bozza" button.

4. UPLOADING FOREIGN COURSES

The student can start the filling in by writing:

- The code (if known),
- The foreign course's name,
- The number of credits ECTS (1 CFU = 1 ECTS),
- flag "AD non associabile (TAF D)": only for activities with credits of choice (see point 5)
- semester when you will follow the course,
- link to the program of the foreign course (from the host university's website).

Always click on "Confirm" for each activity you put.

For final work preparation: in table A, you need to put "Thesis work" as foreign activity if you're in bachelor's course, or "Master Thesis work" if you are in master's course. Only associate it to the corresponding UNIVPM activity "Prova finale".

For traineeship: in table A, put "Traineeship" as foreign activity and only associate it to the corresponding UNIVPM activity "Tirocinio".

ATTENTION: students enrolled in a course from bachelor's degree who will go on mobility during their master's degree must upload all foreign activities as "AD non associabile (TAF D)" and the professor's approval will be a "conditioned approvation". It is recommended to put the course from the master's degree in the notes and (if necessary) the department to which the student would like to enroll to during the mobility year.

After enrolling to the master's course, the student must send an e-mail to erasmus.outgoing@univpm.it to **communicate the new matriculation number** and request the update to their career in the international mobility section on Esse3. Moreover, the student will have to submit a new Learning Agreement, associating the foreign activity with the ones in the libretto.

5. UPLOADING FOREIGN ACTIVITIES AS FREE CREDITS

For those activities of choice (credits of choice) for which you cannot associate any UNIVPM activity, you need to put the foreign activity flagging “**AD non associabile (TAF D)**”.

You must always put the course code (if available), the foreign activity’s name, the number of ECTS credits, in what semester the course takes place, and the link to the program.

Agriculture or Sciences students who will use the free credits will have to choose one or more foreign activities as “Ad non associabile”. Upon their return, during validation, the activity attended abroad will be recognized in the libretto.

6. UPLOADING UNIVPM ACTIVITIES TO BE VALIDATED

After choosing all the activities to be attended abroad, it is important to choose the linked Italian activities to be validate (“Attività interne” in your Libretto on Esse3).

If some of the activities are not in the libretto you can add them choosing “**add activities**”(Aggiungi attività) from the list of activities available in your Degree Course (offerta CdS), the recommended choice, or from the ones offered by the University.

Any activity available in your L.A. must be available in your libretto and therefore in your Study Plan (Piano di Studi) as well. If this doesn't happen, the student must change their Study Plan. **Only the activities available in your L.A. and libretto can be validated.**

7. ASSOCIATING ACTIVITIES

There are different possible types of association. For example: one foreign exam validates a UNIVPM one; two foreign exams validate one from UNIVPM, or vice versa.

Activities that are not associated are considered as activities out of Study Plan ("fuori piano") and therefore cannot be validated, unless they are "AD non associabile (TAF D)".

It is always necessary to CONFIRM every single association.

To prepare final work: in table A, as foreign activity, indicate "Thesis work" for bachelor's degree or "Master Thesis work" for master degree, and only associate it with UNIVPM activity "Prova finale".

For traineeship: in table A, as foreign activity, indicate "Traineeship" and only associate it with UNIVPM activity "Tirocinio".

Students MUST remember to upload on Esse3 the request for final work/traineeship (richiesta di tesi/tirocinio) in the section for attachments of the L.A.

8. ASSOCIATING INTEGRATED COURSES

If a foreign activity is associated to an integrated course (“corso integrato”) available in the student’s libretto, it is necessary to select the entire course: it is not possible to choose or validate the single parts that make up the integrated course.

9. UPLOADING CONTACTS OF EXTERNAL REFERENT

Every l.a. sent through EWP must contain the exact contacts of the person in charge of approving the Learning Agreement at the host university once they receive it.

ATTENTION: if the insert data is not correct, the L.A. might not be correctly sent to the host university.

To put the referent’s data, you need to use the button “Gestisci Ref. Straniero”.

The referent’s name might already appear on Esse3web, so you need to check if the data is correct and change it if necessary.

If the name does not appear, the student has to put it themselves.

If the student does not know what data to put, ask the host university for name, surname and e-mail address of the person in charge of signing the L.A. at their university.

10. SUBMITTING YOUR LEARNING AGREEMENT

Once all associations are done, click on the button **“Submit Learning Agreement”** (Presenta Learning Agreement), at this point it is possible to indicate your language level and any **NOTE** if you need it.

Afterwards, you need to click on **“Confirm Learning Agreement”** (Conferma learning agreement): at any step you can always check the recapitulation by clicking on **“Print recapitulation”** (Stampa riepilogo) to check that the activities are properly associated.

In the following cases you MUST add notes:

- The student enrolled to a bachelor’s degree course is submitting a L.A. for a Master’s degree course (see point n. 4),
- A foreign activity is added as “fuori piano”, not validable.

To present the Learning Agreement so that it shows on the professor’s Esse3Web page as well, you must click on **“Conferma Learning Agreement”**, after adding any necessary note. Once the Learning Agreement is confirmed, we recommend to always save a PDF copy of the recapitulation and the European Standard.

When the l.a. is rejected by the Internal Coordinator (departmental Coordinator) the student will have to submit a new one, following the notes put by the Professor.

11. LEARNING AGREEMENT “DURING MOBILITY: EDITS

The student has the chance, after the first Learning Agreement is approved, to present a new one with the necessary changes, by the following deadlines:

30.11.2023 during I sem/A.Y. **for edits about the I sem.**

31.03.2024 during II sem/A.A. **for edits about the II sem.**

To edit the Learning Agreement, you need to present a **new Learning Agreement** (the button is at the end of the page) and follow the same process described before, deleting the associations and activities you don't want to take, adding other. To delete associations and foreign activities you need to use the “trash” icon.

The updated Learning Agreement must be approved by the professor and the host University so that the activity will be validated.

We recommend making your edits long before the provisory date of the end of your mobility.

It is NOT POSSIBLE to edit your l.a. AFTER your mobility has ended.

12. LEARNING AGREEMENT STATUSES IN EWP

- **BOZZA = DRAFT** when the Learning Agreement is being elaborated by the student (the draft can be deleted).
- **PRESENTATO = PRESENTED** when the student has presented the Learning Agreement and it is visible on the professor's web page (the l.a. cannot be edited).
- **REVISIONE = REVIEWING** when the Learning Agreement is being reviewed by the professor.
- **APPROVATO INTERNAMENTE = APPROVED INTERNALLY** when the Learning Agreement has been approved by the UNIVPM professor.

You can check if the Learning Agreement has been received by the host University in the light blue box. **When you find the writing "data correctly recovered by the host university"** (dati recuperati correttamente dall'ateneo di destinazione) **and it has been at least 10 days since the l.a. was sent, it is better to check that the l.a. has been received by the partner university sending an e-mail to the person in charge of l.a. at the host university.** If the l.a. has not been sent, the student must get in touch with the IRO UNIVPM to fix the problem.

13. MANAGING A LEARNING AGREEMENT OUTSIDE OF EWP

The Erasmus referent or UNIVPM'S IRO can detach the l.a. from the EWP net only in one of these cases:

- The host university is not linked to EWP: it must be the University that confirms they cannot exchange l.a. via EWP.
- There are technical problems that do not allow the exchange of l.a. in EWP.

If a l.a. needs to be detached from the EWP net, the Learning Agreement exchange and all its following edits will happen through e-mail.

Once the l.a. is detached from EWP, the yellow banner will no longer appear.

Once the l.a. has been approved by the Erasmus referent, the student will have to download the Learning Agreement in european format approved by their Faculty's referent and will have to send it via e-mail to the host university. The L.A. will have to be signed by the host university and a copy with all the signatures will have to be uploaded in the attachment section of the Learning Agreement.

To fill in the l.a. and its edits, refer to the previous points of this guide.

For every approved l.a. there must be in the attachment section a copy of the same document with all the due signatures. **ATTENTION! Without a copy of the l.a. approved by both UNIVPM and the host university, the activities will not be validated!**
