## RESEARCH AREA: EPIDEMIOLOGY - VIRUS - HEALTH - COMMUNITY

---

**TITLE: TACCO procedure**

**Principal investigator:** Prof.ssa Rossana Berardi, [r.berardi@univpm.it](mailto:r.berardi@univpm.it), tel: 071 596 5715

**UNIVPM Research Group:** Clinica Oncologica, Laboratorio Analisi Ospedali Riuniti Ancona, Fondazione Ospedali Riuniti di Ancona Onlus

**Research activity description:** Serological antibody tests for patients (pts) and healthcare professionals (HP) within the Oncology Clinic of Università Politecnica delle Marche-Ospedali Riuniti Ancona. This procedure aims at providing to all pts and HP the possibility to undergo serological antibody test to assess the rate of antibody positivity in this phase of the pandemic and to prompt implementation of contagion containment measures.

**Collaborators:** Lucia Bastianelli, Luca Cantini
